

RAISING BOYS' ACHIEVEMENT

10 May 2021

Dear parents and carers,

We pride ourselves on providing a good quality of education for all students at Tewkesbury School. Our students in recent years have seen much improved exam results and continue to impress us with the destinations they go on to and how well rounded they are as young people.

In order to continue to improve, we want to ask for your help in providing us with **feedback** on how we can tackle one of our key areas for development for the remainder of this year and in September. This key area is **'Raising Boys' Achievement'**.

To put your mind at rest, there is a National gap between boys' and girls' achievement but rather than accept that we fit into this national trend, we have recently been reaching out to our staff and our students to ask them for their views on the barriers to boys' achievement and how we can improve.

As valued and integral partners in our journey of continued self improvement, we would like to provide you with this opportunity for feedback on where you feel we can improve as a school and how you feel as parents we could effectively deliver on the 'Raising Boys' Achievement' agenda.

Please find a link below to a questionnaire. This will provide you with a series of statements, which we would like you to agree or disagree with on a 1-5 scale with 5 being strongly agree and 1 being strongly disagree. There is also a section at the end for you to provide us with your views on what you feel we

should be doing to enable our boys to achieve in line with our girls across the school.

Parent feedback on Raising Boys' Achievement

The deadline for feedback is next Friday 21st May.

We really do value your feedback and as a result would encourage you to take the time to tell us what you think. If you don't have any boys at our school, please do still provide us with your thoughts and views. It is only by getting feedback that we can continue to improve as a school.

In the meantime, should you require any further information or you just want to get in touch, please feel free to email me.

Yours faithfully

Rhys Adams
Deputy Head (Curriculum)
